

An Introduction to Edgile VEO Coaching:

Clearly a play on words, the **Edgile VEO Coaching** service package extends RSI’s current Coaching Platform to include an additional layer of highly responsive, efficient, and effective coaching services.

Edgile VEO Coaching extends RSI’s OnSite Coaching services; While still providing direct expert support to teachers “in the act” of the delivery of instruction, **Edgile VEO Coaching** includes an element of **Micro-teaching**.

Micro-Teaching Defined: *Micro-Teaching* has an effect size on student learning outcomes greater than the use of mnemonics ~ meaning, teachers that engaged in the practice of micro-teaching had a greater impact (over 2x the impact) on student achievement than those who do not!

- A training technique whereby the teacher records and reviews a video of a targeted portion of their lesson and engages in:
 - Self-reflection
 - Coaching [Time Stamped Feedback on Targeted Critical Behaviors]
 - Follow-up Support: [**RSI 6Ps of Effective Feedback**]

TRAINING IN 20: Your Time is Valuable - The upcoming training on **Edgile VEO Coaching** is a 20-minute introduction on the “ease of use” of the platform:

- **How to Log in**
- **How to Upload a Video**
- **How to Share a Video** (When you are ready for coaching feedback)
- **Next Steps in Scheduling**

RSI Service Package

RSI Coaching	<p>OnSite Coaching</p> <ul style="list-style-type: none"> • 1 Full Day on site • Average 6 full in class coaching sessions • Includes: modeling, co-teaching, side by side, and sideline coaching <p>Edgile VEO Coaching</p> <ul style="list-style-type: none"> • 6 Video submissions per session • Micro-teaching: recorded live lesson with students inclusive of time stamped feedback (FERPA approved platform) • Support asynchronous virtual instructional videos <p>Coaching provides direct expert support to teachers “in the act” of the delivery of instruction. It is an extension of professional development that is inclusive of active learning and extended duration that increases skill transfer into the classroom while positively impacting student achievement.</p>
